

ISAIAH JOSEPH

His Story: Isaiah was a special gift from God and loved going to church and being with his friends and church family. Before Isaiah died, he talked to all of his friends about the Angels that surrounded him. He and his friends would pray together. Isaiah told his family that he was not afraid to die, because he was going to be with God and in the arms of Jesus. Isaiah wanted to be a preacher and be with all the soldiers so he could provide comfort for them. Isaiah's favorite song was "In the Lord's Army."

So God took you home and my arms are just empty as can be. But I know that Jesus loves you more than even a parent could, because Jesus promised that he would always love us. Isaiah, you will always have the biggest part of my heart and I miss you so much.

I LOVE YOU!!!

Isaiah died from brain stem glioma on September 17, 2010.
